WELLNESS BENEFITS · HYDROTHERAPY

Health Benefits of Hydrotherapy

Science-backed hydrotherapy benefits — for recovery, relaxation and total wellbeing.

Muscle & Joint Relief

Targeted jets deliver deep pressure massage, easing tension, joint pain and sports injuries.

Stress & Anxiety Relief

Activates the parasympathetic system, reducing cortisol and inducing profound relaxation.

Immune System Support

Increases white blood cell activity and lymphatic flow, strengthening natural defences.

Energy & Recovery

Reduces DOMS and accelerates muscle repair — ideal for athletes and active individuals.

Cardiovascular Health

Warm water immersion dilates blood vessels, lowers blood pressure and improves circulation.

Skin & Detoxification

Opens pores, flushes toxins and boosts lymphatic drainage for refreshed, glowing skin.

Sleep Quality

Post-soak temperature drop releases melatonin for deeper, more restorative sleep cycles.

Flexibility & Mobility

Buoyancy reduces body weight by 90%, enabling gentle movement therapy and better mobility.
