Health Benefits of Steam Therapy

LUMEA
WELLNESS

FOR HOME • GYM • SPA • WELLNESS CENTRE

Regular steam therapy has been used for centuries across cultures for its profound physical and mental health benefits. Whether installed in your home bathroom, gym, hotel or commercial spa, our Steam Bath Generator delivers therapeutic steam that works on every level of your well-being.

Respiratory Health

Opens airways, eases congestion, reduces asthma symptoms and improves lung function.

Deep Skin Cleanse

Opens pores, flushes toxins, boosts collagen and leaves skin glowing and refreshed.

Detoxification

Promotes heavy sweating to expel environmental toxins, heavy metals and impurities.

Muscle Recovery

Reduces DOMS, relieves joint stiffness and speeds up post-workout recovery time.

Stress & Anxiety

Triggers endorphin release, lowers cortisol and promotes deep mental relaxation.

Cardiovascular

Dilates blood vessels, improves circulation and can help lower blood pressure.

Better Sleep

The post-steam cooling effect signals the body to sleep, improving sleep quality.

Immune Boost

Elevated body temperature mimics a fever response, stimulating immune cell activity.

Weight Management

Increases metabolic rate during sessions, aiding calorie burn and water retention.

Spa-Like Relaxation

Instant luxury at home — unwind after a long day in your own private steam room.
